

SURVIVAL MODE

Six semi-professionals embark upon an exclusive Glamping Vacation when their privately chartered jet makes an emergency landing in the Canadian Wilderness. They only have themselves and the crew to save their lives. Odds aren't good.

CREW

PILOT: Declan Clark, 40's - Former Blue Angels pilot knowledgeable in Survival Skills. Former member of the US Olympic Down Hill Ski Team but blew out both knees at Kitzbuhel in trials.

COPILOT: Amy Gretzky, 40's - No relation to Wayne but it's always a conversation starter. Super competitive with a chip on her shoulder for always being the copilot.

STEWARD: Jon O'Thymes Downing, 20's - Instagram Influencer in the exclusive Luxury Travel world. He took an on-line course in Elite Travel Concierge training while still in High School. He hates flying but loves rich people.

TRAVELERS

Diana Fillmore, 40's - a Mill Valley librarian who ghost writes environmental romance novels under the pseudonyme: Muir Woodly. She won the trip in a publisher's contest.

Karly Archer, 30's - assistant for an A-List Action Star. Her employer gifted her the voucher included in his Oscar swag bag.

Jim Standy, 40's - a professor at UCSF in the Chemical Engineering Department. He won the trip at an Arthur Murray Dance-Off competition.

Ruben Avila, 20's - writes gaming code from his parent's basement. In Pacific Heights. They think he needs perspective: and sunlight, so they send him on this mandatory vacation.
